32.REPORTS FROM MEMBERS

32.1 Councillor D Wright reported he had received numerous complaints regarding the new LED replacement lights carried out by WCBC, residents are stating they are terrible more light is given from a torch. Councillor Mrs L Prescott-Ennis reported due to her profession she is often driving in the evenings and since the installation of the replacement lights she must travel with her main beam on as the lights are useless. The Clerk was requested to write to WCBC passing on the concerns.

The Chairman thanked members and declared the meeting closed
